

Masterpiece™

A Look That Is Tough to Resist

Raynor Masterpiece combines all the features homeowners want. It's eye-catching, deeply embossed woodgrain texture adds instant curb appeal to any home, while its two-sided steel design keeps your home safe and secure. Best of all, our EnduraCote™ Hardware System is standard, so the entire package, door and hardware, is warranted "For As Long As You Own Your Home."

Insulation

Masterpiece 2" thick sections feature a core of polystyrene insulation pressure bonded between two high-strength, impact-resistant steel skins, resulting in an impressive R-Value of 10.25.

Thermal Protection

A vinyl joint seal prevents airflow between sections, while a mechanically interlocked vinyl thermal break prevents heat loss and eliminates metal to metal contact between hot and cold surfaces, allowing the insulation to be fully effective.

EnduraCote™ Hardware System

The EnduraCote Hardware System comes with extended-life springs, powder coated track and hardware that provide a clean, finished look, and maximum protection against rust.

Masterpiece™

Masterpiece is made from rugged, galvanized steel inside and out. Its two-sided steel design encases a core of thermally bonded, CFC-free, expanded polystyrene insulation. A full 2" thick, Masterpiece features sandwich-style construction made from high-strength, impact-resistant steel and provides thermal protection at an 10.25 R-value.
